PROFESSIONAL SUMMARY

Ninth-semester Systems and Telecommunications Engineering student (Universidad de Córdoba) with over four years of QA experience as a Beta Tester for SuperWorldBox, listed in the game's official credits. I build web applications with Java, Python, JavaScript, PHP and SQL, and currently work as a full stack developer at my own venture, Código.D., B2+ English and experience on remote international teams.

TECHNICAL SKILLS

Languages: Java, Python, JavaScript, PHP, SQL
Frontend: React, HTML5, CSS3, Angular
Backend: Node.js, Express, Laravel, Flask, Spring Boot
Databases: MySQL, PostgreSQL, relational modeling, SQL queries
Testing and QA: functional and regression testing, manual testing, bug reporting, fix verification
Tools: Git, GitHub, VS Code, IntelliJ IDEA, PyCharm, NetBeans, Chrome DevTools, CLI
Methodologies: Scrum, Kanban, Waterfall, IEEE 830 requirements specification
Other: English–Spanish technical translation, video editing

PROFESSIONAL EXPERIENCE

Junior Full Stack Developer — Código.D
Montería, Colombia · Own venture | Oct 2026 – Present

- Build websites, online stores and management systems with Laravel and MySQL for local businesses in Córdoba.
- Online stores with WhatsApp ordering and Nequi/Bancolombia payments; enrollment platform for a youth soccer school.
- Deliver in stages (prototype, client review on a test link, launch) while working directly with clients.

Beta Tester & QA Tester — Maxim Karpenko (SuperWorldBox)
Remote · Part-time | Jan 2022 – Jul 2026

- Ran functional and regression tests on new builds of the video game SuperWorldBox.
- Found and documented bugs through structured technical reports.
- Validated game mechanics before each release.
- Worked with developers to reproduce issues and verify fixes.
- Officially credited in the game's credits.

EDUCATION

Systems and Telecommunications Engineering — Universidad de Córdoba
Montería, Colombia | Mar 2023 – Jul 2027 (expected, 9th semester)

English Course — Universidad de Córdoba
Montería, Colombia | 2017 – 2025 | Certified level: B2+

COURSES AND CERTIFICATIONS
